RE: DA2024/0499 - 120 Frenchs Forest Road West FRENCHS FOREST NSW 2086

My place will become unliveable. No more privacy....no more peace and quiet in a small cup de sac.....lack of surrounding natural old growth vegetation....noise, noise, noise from a large number of people living only meters from my front door.....overshadowing.....a total corruption of existing rules and Council requirements for development in the Forest area.....the introduction of unprecedented high rise, high density living in an otherwise simple forest green area. Traffic issues. Depreciation of my own property so close to a high rise development....who will make up the difference????
