RE: DA2019/0278 - 1 / 1 Moore Road FRESHWATER NSW 2096

I am strongly opposed to this development

1. Increased traffic in VERY busy area and parking issues (already have difficulty getting into my driveway in summer!)
2. Hours of operation next to residential area
3. Noise created by the facility inside and outside

This type of development is more suited to a semi industrial are.

As we already hear the noise from Stowaway I was very disappointed we were not advised of the proposed development.

From the household young and old
