**RE: DA2023/0995 - 54 Brighton Street FRESHWATER NSW 2096**

As a resident of the Northern Beaches, I am in support of this development as it offers strong design principles, sufficient parking to remove cars from the street, offers energy efficiencies and carbon offset and more importantly, will provide much needed housing supply for the Northern Beaches. We would like to see The Council approve this development as we are currently renting premises and are considering purchasing a unit should the development be approved. Thanking you for your consideration of our view in this matter;- Janet Barden
