**Subject:** re:PP002/16

Dear NBC

This is our submission, in regard to the above Planning proposal.

We did not receive a submission form with the notification letter.

We wish it noted that we support the WRA submission with regard to this planning proposal.

We also wish to say:

We do not want any of the section 94 funds spent on anything that does not improve directly our amenities in the valley, after all we are the ones who have contributed to these funds via the purchase price of our properties. We want what we were promised not something smaller, narrower and fundamentally low usability compared to what was originally planned.

We have made NO political donations.

Kind regards

Glynis Makin
