Intensive use and higher impact sports in summer can impact the ability of the fields to recover in time for the winter season. Any use of the fields this summer by higher impact sports will be monitored and there is no guarantee that such use will be approved in then next summer allocation. Council currently manages some of this impact by restricting most the use of modified winter sports to the period prior to Christmas and only allowing Sundays to be used in February.															
Public Holidays are allocated to sports as per the Saturday allocation unless specifically requested and arranged with Council prior to.
