RE: DA2019/1260 - 29 North Avalon Road AVALON BEACH NSW 2107

Please we do not need to cut trees any more than we are . Avalon and palm beach are natural environment that do not to be overly oases trail used and paved
Leave the look of our suburbs as uniquely natural and unstructured . It's why we live here . If we want structure and urbanisation we'd move to the city . We don't need car parks to be a feature and and eyesore . Yes parking is an issue but there are alternatives
