Councillors of Northern Beaches Council:
Submission re 512 Barrenjoey Road, Bilgola Beach

As a resident of Clareville, I'm objecting to this development.

a. This development will destroy the rain forest character that is "the bends" - our most beautiful entry to Avalon, Clareville, Whale Beach and Palm Beach.

b. During construction this massive overdevelopment will create traffic congestion on the already fragile road, risking landslides and their huge repair costs.

"The Bends" has a unique and special character which cannot be replaced.

Please stop this over-the-top development!!!!!!

Kind regards,
