RE: Mod2021/0983 -231 Whale Beach Road WHALE BEACH NSW 2107

Dear Council,

In relation to the above DA modification I am willing to support a like for like usage application, based on the same size, usage and existing operating hours only.

The amendment submitted is a significant shift in scale and potential usage of a proposed licensed restaurant when compared to the current Cafe. Further there has been a significant increase in the proposed trading hours when compared to the original DA. This will lead to a huge increase in the number of people in the precinct over more hours with major flow on impacts on traffic, parking, general noise, garbage disposal and other related disturbances until well into the night. I object to the modification proposal.

Regards

Anthony Fitzgerald
