RE: DA2018/1924 - Forest Way FRENCHS FOREST NSW 2086

Although I am for the development of the shopping centre - as this is very outdated, I am concerned about the additional traffic entering Grace Avenue, Altona Avenue and Deakin Street. As it stands the 'Rat Run' is becoming more and more congested, people are getting very angry trying to get out of the bottom of Grace Avenue as all traffic is coming off of Warringah road which is preventing traffic exiting Grace. At times it is near impossible to get out of my driveway to collect the kids from School as you also have School traffic. Please consider minimising traffic to local traffic only. Police are sometimes present in the mornings which does deter drivers from entering Grace Avenue from the SHopping Centre, but all in all , its very chaotic and gets quite aggressive.
