

NOTICE OF DETERMINATION OF DEVELOPMENT APPLICATION

Development Application No: DA 2005/1002

DEVELOPMENT APPLICATION DETAILS

Applicant Name:	John Matheson
Applicant Address:	PO Box 1061, Mona Vale NSW 1660
Land to be developed (Address):	Lot 4, DP 737411, No. 62 Myoora Road, Terrey Hills
Proposed Development:	Alterations and additions to a plant display building within an existing Retail Plant Nursery
DETERMINATION	
Made on (Date):	6 April 2006
Consent to operate from (Date):	11 April 2006
Consent to lapse on (Date):	11 April 2011

Details of Conditions – (including Section 94 conditions)

The conditions, which have been applied to the consent, aim to ensure that the Environmental Impacts of Development are minimised and the Health and Safety of the community is maintained in accordance with the relevant standards and the Building Code of Australia.

NOTE:

If the works are to be certified by a Private Certifying Authority, then it is the certifier's responsibility to ensure all outstanding fees and bonds have been paid to Council prior to the issue of the Construction Certificate or as otherwise specified by Consent conditions.

GENERAL CONDITIONS

CONDITIONS THAT IDENTIFY APPROVED PLANS

1. Approved Plans And Supporting Documentation

The development is to be carried out in compliance with the following plans, which are endorsed with Council's stamp, except where amended in red and by other conditions of consent listed below.

This consent relates only to those components that are noted in red on the plans.

Drawing Number	Dated
0213-GA1, Amendment A	12.9.2005
0213-GA2, Amendment A	12.9.2005
0213-GA3, Amendment A	12.9.2005
0213-GA4, Amendment A	12.9.2005
0213-GA5, Amendment A	12.9.2005
0213-GA6, Amendment A	12.9.2005
0213-GA7, Amendment A	12.9.2005

No construction works (including excavation) shall be undertaken prior to the release of the Construction Certificate.

Note: Further information on Construction Certificates can be obtained by contacting Council's Call Centre on 9942 2111, Council's website or at the Planning and Assessment Counter.

Reason: To ensure the work is carried out in accordance with the determination of Council and approved plans. [A1 (1)]

2. Plans on Site

A copy of all stamped approved plans, specifications and documents (including the Construction Certificate if required for the work incorporating certification of conditions of approval) shall be kept on site at all times so as to be readily available for perusal by any officer of Council or the Principal Certifying Authority.

Reason: To ensure that the form of the development undertaken is in accordance with the determination of Council, Public Information and to ensure ongoing compliance. [A2]

CONDITIONS THAT REQUIRE SUBSIDIARY MATTERS TO BE COMPLETED PRIOR TO ISSUE OF A CONSTRUCTION CERTIFICATE

3. Fire Safety Measures

Submission at the Construction Certificate stage of the anticipated schedule of current and proposed fire safety measures to be implemented in the building, and such fire safety schedule shall specify the minimum standard of performance for each fire safety measure.

Reason: Fire Safety [C1]

4. Design for Access & Mobility

Access/egress/services and facilities including external and interior access are required in accordance with the provisions of AS 1428.1 (2001) - Design for Access and Mobility.

The building being adequately adjusted where required complying with the provisions of the *Disability Discrimination Act (1992)*. Note that any approval granted by Council does not necessarily guarantee compliance or otherwise with the *Disability Discrimination Act (1992)* and the applicant should investigate their liability under the Act. You are directed to the following sources to achieve compliance with the DDA: -

- (a) AS 1428.1 (2001) Design for Access and Mobility
- (b) Advisory Notes on Access to Premises Human Rights and Equal Opportunity Commission (1998)
- (c) Disability Discrimination Act (1992)

Details being submitted and approved by Council / Accredited Certifier prior to the issue of a Construction Certificate.

Reason: To ensure equitable access to members of the community to all public facilities. **[C5]**

5. **Protection of Footpaths and Roadways**

The public footways and roadways adjacent to the site shall be maintained at all times during the course of the work in a safe condition.

Reason: Protection of footpath and roadways. [C22]

6. Access for People with Disabilities

Ramps and access for people with disabilities are to be provided to and within the building. Consideration must be given to the means of dignified and equitable access from public places to adjacent buildings, to other areas within the building and to

footpath and roads. Compliant access provisions for people with disabilities shall be clearly shown on the plans submitted with the Construction Certificate. All details shall be prepared in consideration of, and construction completed to achieve compliance with the provisions of the Disability Discrimination Act, and the relevant provisions of AS1428.1 and AS1428.4.

Reason: To ensure the provision of equitable and dignified access for all people in accordance with disability discrimination legislation and relevant Australian Standards. **[C36]**

7. Parking for People with Disabilities

A total of 2 car-parking spaces for use by persons with a disability shall be provided as shown in red on the plans. The carspaces are to be clearly shown on the plans submitted with the Construction Certificate. All details shall be prepared in consideration of, and construction completed in accordance with Australian Standard AS2890.1 to achieve compliance with the Disability Discrimination Act, and the relevant provisions of AS1428.1 and AS1428.4.

Reason: To ensure equity of access and appropriate facilities are available for people with disabilities in accordance with Federal legislation. **[C37]**

8. Line Marking

All car-parking spaces, together with access aisles shall be line marked and signposted in accordance with the approved development plans, appropriate Australian Standards and industry best practice as appropriate.

Reason: To ensure ongoing compliance with this development consent and Australian Standards relating to manoeuvring and access of vehicles. **[C38]**

9. Asbestos & Hazardous Material

- (1) In relation to the demolition of the existing building (or part of a building) on the site:
 - (a) A report prepared by a WorkCover licensed asbestos removalist is to be submitted to the Council / Accredited Certifier, with the Construction Certificate application, detailing whether any hazardous materials exist on the site (eg lead in paints and ceiling dust or asbestos).

Note: If no hazardous materials are identified, the demolition may proceed in accordance with AS2601 and the following conditions, including dust control and WorkCover requirements.

(b) Should any hazardous materials be identified as per item (i), a Work Plan shall be submitted to Council in accordance with AS2601 - Demolition of Buildings. The report shall contain details regarding:

- (i) The type of hazardous material
- (ii) The level or measurement of the hazardous material in comparison to National Guidelines;
- (iii) Proposed methods of containment; and
- (iv) Proposed methods of disposal.
- (c) Where unacceptably high levels of lead are found in a premises to be demolished, item (ii) is to be followed, and the soil sample from site is to be tested by a NATA Registered laboratory before and after demolition. This will determine whether remediation of the site is necessary.
- (d) The demolition must be undertaken in accordance with AS2601.
- (e) Any works involving asbestos cement sheeting must be undertaken in accordance with the requirements of the WorkCover Authority in relation to removal, handling and disposing of material, and the Work Safe Australia Asbestos Code of Practice.
- (f) All work involving lead paint removal must not cause lead contamination of air or ground. Particular attention must be given to the control of dust levels on the site.

Details demonstrating compliance with these requirements are to be approved by the Council / Accredited Certifier and submitted with the Construction Certificate.

(Note: Further details regarding requirements for removal of hazardous materials can be obtained from the WorkCover website or at <u>www.lead.org.au</u> <<u>http://www.lead.org.au></u>)

Reason: To ensure the long term health of workers on site and occupants of the building is not put at risk unnecessarily. **[C53 (1)]**

(2) A person taking down, demolishing or causing to be taken down or demolished any building or part thereof shall, upon identifying or suspecting that asbestos is present in the building, immediately notify the Work Cover Authority. The Authority is the controlling body for the safe removal, handling and disposal of asbestos. The Authority supervises and monitors contractors engaged in asbestos removal. The requirements and standards imposed by the Authority, its consultants or contractors shall be complied with.

Reason: To ensure the long term health of workers on site and occupants of the building is not put at risk unnecessarily. **[C53 (2)]**

10. Roofing Materials - Reflectivity

The external finish to the roof shall have a medium to dark range in order to minimise solar reflections to neighbouring properties. The metal roof shall not be of light colours

such as off white, cream, silver or light grey colours. Details being submitted with the Construction Certificate.

Reason: To ensure that excessive glare or reflectivity nuisance from roofing materials does not occur as a result of the development. **[C55]**

11. Colours & Finishes

The colours, texture and substance of all external components of the building and hard surfaced areas being generally in accordance with the approved plans as modified by any conditions of this consent/approval. The wall colours of the building shall be natural tones which complement the surrounding natural landscape. Prior to issue of the Construction Certificate, Council / Accredited Certifier is to verify that the external components are in accordance with that specified above.

Reason: Amenity. [C56 (1)]

12. Security Bond Schedule

All fees and security bonds in accordance with the schedule below must be paid or in place prior to the issue of the required Construction Certificate:

FEE SCHEDULE	
62 Myoora Road, Terrey Hills	
DEVELOPMENT APPLICATION NUMBER DA 2005/1002	
FEES	
Long Service Levy	1,750
TOTAL FEES	\$1,750.00

Reason: Compliance with the development consent. [C71]

CONDITIONS THAT MUST BE ADDRESSED PRIOR TO ANY COMMENCEMENT

13. Construction Certificate

A Construction Certificate is required to be approved and issued by either Council or an Accredited Certifier, prior to the commencement of any works on the site.

Reason: Legislative requirements. [D3]

14. Notice of Commencement

At least 2 days prior to work commencing on site Council must be informed, by the submission of a Notice of Commencement in Accordance with section 81A of EP & A Act 1979 of the name and details of the Principal Certifying Authority and the date construction work is proposed to commence.

Reason: Legislative requirement for the naming of the PCA. **[D4]**

15. WorkCover

Your attention is directed to the need to seek advice of your obligations from the WorkCover Authority prior to the commencement of any works on the site.

Reason: Statutory requirement. [D5]

16. Protection of Trees During Works

The large Eucalypt located within the front setback to Mona Vale Road (near carspaces 12 and 13) is to be retained and protected during the course of the demolition and construction works. Protection methods shall be provided to the Principal Certifying Authority by an appropriately qualified person prior to the commencement of works on the site approved under this consent.

Reason: To ensure compliance with the requirement to retain significant planting on the site. **[D10]**

17. Building Works

No building works shall be carried out until a Construction Certificate has been issued.

Reason: To ensure compliance with statutory provisions. [D13]

18. Inspection Fees

Where Council is acting as the Principal Certifying Authority and where an inspection of building, civil or landscape work is required by these conditions, inspection fees and component certification fees must be paid to Council before Council will undertake any inspections. These fees may be paid at the time of submission of the required Notice of Commencement of works. This condition applies regardless of whether a Certification fee is also payable.

Note: The submission of a Notice of Commencement of works form to Council at least two (2) days prior commencing works is a statutory requirement.

Reason: Statutory requirement and information. [D14]

CONDITIONS THAT MUST BE COMPLIED WITH DURING DEMOLITION AND BUILDING WORK

19. Progress Inspections- (Class 5, 6, 7, 8 and 9 Buildings)

The Principal Certifying Authority (PCA) SHALL BE given a minimum of two (2) working days notice for inspection of the following, where applicable:

- (a) At the commencement of the building work.
- (b) Prior to covering any stormwater drainage connections.
- (c) After the building work has been completed and prior any Occupation Certificate being issued in relation to the building.

The appointed Principal Certifying Authority MUST do the first inspection at the commencement of building work, and at completion of building work.

Notes:

- (1) The appointed Principal Certifying Authority has a discretion to determine additional inspections, or nominate other Accredited Certifiers to undertake inspections other than the first and last inspections, which are required to ensure compliance or otherwise with relevant codes and standards. In any event, the Principal Certifying Authority MUST be advised at all of the stages of construction identified above.
- (2) The PCA must advise the person with the benefit of the consent of the mandatory critical stage inspections referred to in the EP & A Regulations.
- (3) Where Warringah Council is acting as the Principal Certifying Authority for the project, notice is to be given by telephoning Council on 9942 2111 and requesting the relevant inspection. Failure to advise Council at the stages of construction identified above may result in fines being imposed.
- (4) Failure to advise the Principal Certifying Authority of the need for MANDATORY INSPECTIONS at the critical stages of construction detailed above may result in fines being imposed, works being required to be demolished, or delays experienced in obtaining final certification and occupation of the development in order to resolve issues.

Reason: Prescribed mandatory inspections under legislation. [E9]

20. Progress Inspections

The Principal Certifying Authority SHALL BE given two (2) working days notice for inspection of the following:

- (a) After excavation for, and prior to the placement of any footings.
- (b) Prior to pouring any in-situ reinforced concrete building element.
- (c) Prior to covering of the framework for any floor, wall roof or other building element.

- (d) Prior to covering waterproofing or damp proofing in any wet areas.
- (e) Prior to covering stormwater drainage connections.
- (f) After the building work has been completed and prior any Occupation Certificate being issued in relation to the building.

Notes:

- (1) Where Warringah Council is acting as the Principal Certifying Authority for the project, notice is to be given by telephoning Council on 9942 2111 and requesting the relevant inspection. Failure to advise Council at the stages of construction identified above may result in fines being imposed.
- (2) Failure to advise the Principal Certifying Authority of the need for MANDATORY INSPECTIONS at the critical stages of construction detailed above may result in fines being imposed, works being required to be demolished, or delays experienced in obtaining final certification and occupation of the development in order to resolve issues.

Reason: Compliance, health and safety. [E10]

21. Replacement of Principal Certifying Authority

If the person exercising the benefits of a development consent changes or replaces the Principal Certifying Authority (PCA) during works on the site, the replacement PCA must notify Warringah Council within two (2) days of appointment. If the original PCA was Warringah Council, written approval from Council must be obtained for any change to the PCA role.

(Note: Special legislative provisions in the Environmental Planning and Assessment Act 1979 apply to the procedure for replacing a PCA)

Reason: Statutory requirement. [E11]

22. Final Compliance Certificate

Within seven (7) days of completion of the building works and prior to occupation or the issue of an Interim/Final Occupation Certificate, a Certificate of Compliance under Section 109C (1) (a) of the Environmental Planning and Assessment Act 1979 must be provided by the Principal Certifying Authority. This Compliance Certificate must certify that the completed work complies with the relevant plans and specifications and with the following conditions of this development consent: [INSERT]

Reason: To ensure compliance with the terms of this development consent. [E13]

23. Noise and Vibration

Noise emissions and vibration must be minimised where possible and work is to be carried out in accordance with Environment Protection Authority guidelines for noise emissions from construction/demolition works and must also comply with the provisions of the Protection of the Environment Operations Act 1997. This Condition must be complied with during demolition and building work.

Reason: To ensure residential amenity is maintained in the immediate vicinity. *[E17]*

24. Dust Emission and Air Quality

Materials must not be burnt on the site.

Vehicles entering and leaving the site with soil or fill material must be covered.

Dust suppression measures must be carried out to minimise wind-borne emissions in accordance with the NSW Department of Housing's 1998 guidelines - Managing Urban Stormwater: Soils and Construction. Odour suppression measures must be carried out so as to prevent nuisance occurring at adjoining properties. This Condition must be complied with during demolition and building work.

Reason: To ensure residential amenity is maintained in the immediate vicinity. *[E18]*

25. Construction Hours

Building construction shall be restricted to within the hours of 7.00 am to 5.00 pm Monday to Friday and on Saturday to within the hours of 8.00 am to 1.00 pm inclusive, with no work on Sundays and Public Holidays.

Demolition and excavation works shall be restricted to within the hours of 8.00 am to 5.00 pm Monday to Friday only. (Excavation work includes the use of any excavation machinery and the use of jackhammers, rock breakers, excavators, loaders and the like, regardless of whether the activities disturb or alter the natural state of the existing ground stratum or are breaking up/removing materials from the site).

The builder and excavator shall display, on-site, their twenty-four (24) hour contact telephone number, which is to be clearly visible and legible from any public place adjoining the site.

Reason: To ensure that works do not interfere with reasonable amenity expectations of residents and the community. *[E26]*

26. Out of Hours Work Permits

Where it is necessary for works to occur outside those hours allowed by these conditions, approval for such will be subject to issue of a permit on each occasion from Council's Customer Services Centre. Such permit must be obtained and the appropriate fee paid at least two (2) clear working days in advance of each relevant date. Such occurrence shall be limited to two occasions per calendar month and shall only be

approved if public safety or convenience is at risk. Any further variation shall require the lodgement and favourable determination of a modification application pursuant to Section 96 of the Environmental Planning and Assessment Act 1979.

(Note: Failure to obtain a permit for work outside of the approved hours will result in on the spot fines being issued, or Council pursuing any action required (including legal proceedings) to have the out of hours work cease, without prior warning.)

Reason: To ensure that works do not interfere with reasonable amenity expectations of residents and the community. *[E27]*

27. Health and Safety

The work undertaken must satisfy applicable occupational health and safety and construction safety regulations, including any WorkCover Authority requirements to prepare a health and safety plan. Site fencing must be installed sufficient to exclude the public from the site. Safety signs must be erected that; warn the public to keep out of the site, and provide a contact telephone number for enquiries. This Condition shall be complied with during demolition and building work.

Further information and details regarding occupational health and safety requirements for construction sites can be obtained from the Internet at www.WorkCover.nsw.gov.au.

Reason: To ensure the health and safety of the community and workers on the site. **[E30]**

28. Maintenance of Road Reserve

The public footways and roadways adjacent to the site shall be maintained at all times during the course of the work in a safe condition.

Reason: Public Safety [E39]

OPERATIONAL CONDITIONS IMPOSED UNDER EP&A ACT AND REGULATIONS AND OTHER RELEVANT LEGISLATION

29. Building Code of Australia

All building work must be carried out in accordance with the provisions of the Building Code of Australia.

Reason: Prescribed - Statutory. [F1]

30. Lead

For the protection of the health and safety of workers, adjoining property owners, the public and the environment, any person renovating or demolishing any building built

before the 1970's should be aware that any surfaces may be coated with lead based paint. Lead dust is a hazardous substance. The requirements of the Environmental Protection Authority are to be followed in this regard.

Reason: Safety. [F4]

31. Demolition

Demolition work must be undertaken in accordance with the provisions of AS2601-Demolition of Structures.

Reason: To ensure that work is undertaken in a professional and responsible manner and protect adjoining property and persons from potential damage. **[F6]**

32. Site Sign

- (1) A sign must be erected in a prominent position on any work site on which work involved in the erection or demolition of a building is being carried out:
 - (a) stating that unauthorised entry to the work site is prohibited;
 - (b) showing the name of the principal contractor (or person in charge of the work site), and a telephone number at which that person may be contacted at any time for business purposes and outside working hours; and
 - (c) showing the name, address and telephone number of the Principal Certifying Authority for the work.
- (2) Any such sign must be maintained while to building work or demolition work is being carried out, but must be removed when the work has been completed.
- (3) This condition does not apply to building works being carried out inside an existing building.

Reason: Statutory requirement. [F9]

33. Toilets

- (1) Toilet facilities are to be provided, at or in the vicinity of the work site on which work involved in the erection or demolition of a building is being carried out, at the rate of one toilet for every 20 persons or part of 20 persons employed at the site.
- (2) Each toilet provided:
 - (a) must be a standard flushing toilet, and
 - (b) must be connected:

- (i) to a public sewer; or
- (ii) if connection to a public sewer is not practicable, to an accredited sewage management facility approved by the Council, or
- (iii) if connection to a public sewer or an accredited sewage management facility is not practicable, to some other sewage management facility approved by the Council.
- (3) The provision of toilet facilities in accordance with this clause must be completed before any other work is commenced.
- (4) In this clause:

accredited sewage management facility means a sewage management facility to which Part 2 Division 4 of the Local Government Regulation 2005 applies, being a sewage management facility that is installed or constructed to a design or plan the subject of a certificate of accreditation referred to in of the Regulation.

approved by the Council means the subject of an approval in force under the Local Government Regulation 2005.

public sewer has the same meaning as it has in the Local Government Regulation 2005.

sewage management facility has the same meaning as it has in the Local Government Regulation 2005.

Reason: To ensure adequate facilities are provided for workers on the site. *[F10]*

34. Long Service Levy

Payment of the Long Service Levy is required prior to the release of the Construction Certificate. This payment can be made at Council or to the Long Services Payments Corporation.

Advisory note: The rate of the Long Service Levy at the time of consent is 0.35% of the building construction works. At the time of consent, payment is not required where the value of the works is less than \$25,000. For works that are \$25000 or over, a fee is required at the prescribed rate. The levy rate and level in which it applies is subject to legislative change. The applicable fee at the time of payment of the Long Service Levy will apply and is based on the building construction works identified in the Construction Certificate.

Reason: Prescribed - Statutory. [F12]

CONDITIONS WHICH MUST BE COMPLIED WITH PRIOR TO ISSUE OF OCCUPATION CERTIFICATE

35. Occupation Certificate Required

An Interim / Final Occupation Certificate shall be obtained in relation to the approved works prior to any use or occupation of those parts of the building.

Reason: To ensure compliance with the provisions of the Environmental Planning and Assessment Act. **[G1]**

36. Fire Safety Certificate

To ensure the safety of occupants of the building a "Fire Safety Certificate" which identifies the schedule of "Fire Safety Measures" that have been completed to satisfactory standard shall be provided to the Principal Certifying Authority prior to the issue of an "Occupation Certificate" as required in the "Environmental Planning and Assessment Act & Regulation.

Reason: To ensure an adequate level of fire safety is provided within the premises for the life safety of building occupants. **[G3]**

37. Annual Fire Safety Statement for the building

In accordance with the EPA Act & Regulation the owner of a building is to provide Council with an Annual Fire Safety Statement for the building.

Reason: To ensure an adequate level of fire safety is provided within the premises for the life safety of building occupants. **[G4]**

38. Access for People with Disabilities

Prior to occupation provision shall be made for access to and within the building on the site for persons with a disability in accordance with the provisions of AS 1428 Parts 1 and 4. Particular attention should be given to tactile ground surface indicators for the orientation of people with vision impairment (AS 1428.4).

Reason: Equitable access for people with a disability. [G10]

39. Utility Services

All utility services shall be adjusted, to the correct levels and/or location/s required by this consent, prior to final completion and the issue of any Occupation Certificate.

Reason: To ensure compliance with the terms of this consent. [G23]

40. On-Site Stormwater Detention Compliance Certification

The on-site detention system and associated drainage works are to be in accordance with the drainage plan submitted by John Matheson Pty Ltd (Drawing No 0213 GA2 ,dated 7.2.2006). On completion of works a works as executed drawing and certification of the works by the design engineer is to be submitted to the Principal Certifying Authority. Additionally a Compliance Certificate is to be issued by an Accredited Certifier in Civil Works registered with the Institute of Engineers Australia, stating that the works are in accordance with the above approved plans and Council's "On-site detention technical specification", the compliance certificate is to be submitted to the Principal Certifying Authority prior to occupation. Council can issue the Compliance Certificate if required subject to prescribed fee.

Reason: To ensure appropriate provision is made for the disposal and management of stormwater generated by the development, and to ensure that public infrastructure in Council's care and control is not overloaded. **[G27]**

41. Creation of Positive Covenant and Restriction as to User

Where any conditions of this Consent require the creation of a positive covenant and/or restriction as to user, the original completed request forms shall to be submitted to Warringah Council for authorisation. A certified copy of the documents shall be provided to Warringah Council after final approval and registration has been affected by the "NSW Land and Property Information Department" prior to occupation.

Reason: To identify encumbrances on land. [G28]

42. Restrictions as to User

Restrictions as to User shall be created over the on-site stormwater detention system, restricting any alteration to the levels and/or any construction on the land. The terms of such restriction is to be prepared to Warringah Council's standard requirements at the applicant's expense and endorsed by Council prior to lodgement with the "NSW Land and Property Information Department". Warringah Council shall be nominated as a party to release, vary or modify such restriction.

Reason: To ensure no modification of the stormwater detention structure without Council's consent. [G29]

43. Positive Covenant (Onsite Detention Structure)

Creation of a Positive Covenant of the Title of the land requiring the proprietor of the land to maintain the stormwater detention structures required by this Consent, in accordance with the standard requirements of Council. The Positive Covenant is to be prepared by the applicant using terms acceptable to, and which are available from Warringah Council. The positive covenant is to be endorsed by Council prior to its lodgement wit the 'NSW Land and Property Information Department'.

Reason: To ensure ongoing maintenance of the stormwater detention structure. [G32]

CONDITIONS THAT MUST BE COMPLIED WITH PRIOR TO FINAL COMPLETION

44. Carparking Layout

All car spaces being line marked in accordance with the carparking layout on the approved plans.

Reason: To clearly identify carparking spaces in accordance with the approved plans. *[H5]*

ON-GOING CONDITIONS THAT MUST BE COMPLIED WITH AT ALL TIMES

45. Building Certificate

This approval relates to proposed work only, not that already constructed without the prior consent of Council (as nominated on the attached plans). Such unauthorised work is to be the subject of an application for a Building Certificate under Section 149A of the EPA Act.

Reason: To ensure appropriate steps are taken with respect to management of unauthorised works. **[147]**

46. Noise Generation

Noise from the combined operation of all mechanical plant and equipment shall not generate noise levels that exceed 5dB(A) above the ambient background noise level measured at the nearest residential property boundary when measured in accordance with the Environment Protection Authority's Industrial Noise Policy.

Reason: Health & amenity. [150]

47. Loading and Unloading

Loading and unloading shall not take place outside approved loading areas.

Reason: Safety. [151]

48. Signs

No advertising signs are approved as part of this consent.

Reason: To ensure complinace with the provisions of Warringah Local Environmental Plan 2000. [Special Condition]

Right to Review by the Council

You may request the Council to review the determination of the application under Section 82A of the Environmental Planning & Assessment Act 1979. Any request to review the application must be within 12 months after the date of determination shown on this notice.

NOTE: A fee will apply for any request to review the determination.

Right of Appeal

If you are dissatisfied with this decision Section 97 of the Environmental Planning & Assessment Act 1979 may give you the right to appeal to the Land and Environment Court within 12 months after the date on which you receive this notice.
