RE: DA2020/0393 - 28 Lockwood Avenue BELROSE NSW 2085

I wish to object to the proposed development as

1. It proposes a massively increased population density which will set a precedent and create further traffic problems.
2. The proposed development is to be built immediately adjacent to the footpath with no setback.
3. The development significantly reduces the amount of green space in the area
4. The height of the proposed building is significantly higher than was allowed for the Glenrose shopping centre.
