RE: Mod2023/0684 - 1193 Barrenjoey Road PALM BEACH NSW 2108

My family and I would love to share food and laughs sitting outside on the deck surrounded by the beauty of Pittwater during the evenings. We don't have many options up here for outdoor dining and this opportunity would be greatly appreciated. To have a restaurant that is open till late is welcomed by myself and my family and I'm sure all the relevant controls will be put in place to ensure there is minimal impact on the native wildlife. I support this submission for later trading hours
