**RE: DA2020/0442 - 231 Whale Beach Road WHALE BEACH NSW 2107**

This is a small community with no need for such a large concrete building on such a corner. I've lived in the area for over 30 yrs and the beauty and community feel would be destroyed. I'd love to know our children and grandchildren can grow up in an area that still identifies with the natural fauna, flora, open area etc of our area. If the developer wants to build line this, perhaps further down the peninsula- Dee Why has already set a precedent for this.
