Subject: D.A 2020/0962

Hi,

I am writing in regards to D.A 2020/0962. I was down at Hugo's for dinner last night with my family when i heard of the plans to recreate the look of the public deck and seating expansion of Hugo's. This got me very excited, It's one of my favorite restaurants and I think it would be a great idea to boost tourism and business around Manly, especially the Manly wharf area. It would be seen by Ferry goers as they enter the wharf and see a busy area filled with beautiful food and wine.

Hope you take this into consideration.

Kind Regards,
Dan Murphy
