**RE: DA2019/1234 - 0 Wharves And Jetties MANLY NSW 2095**

I wish to object to this DA because the additional rooftop seats will cause objectionable noise where I live across the street from El Camino.

Also there will be extra congestion on the footpath in front of the hotel during both the lunchtime and in the nighttime.

Thirdly the proposed outdoor layout will be an eyesore with it's rough pine exterior wall and garish colours.

Fourthly there is enough unruly behaviour caused by excess drinking on the wharf premises without adding extra seating.
