RE: Mod2017/0106 - 894 Pittwater Road DEE WHY NSW 2099

I whole heartedly oppose the idea of extending the hours for the development.

My appartment is directly next to the development and we are effected by extremely loud noises and massive vibrations already.

I work at a late night venue and dont get home until approx 4am so as it is i am already woken up by the sounds of trucks and workers yelling after 2 and a half hours sleep. The idea of bringing the start time forward even slightly disturbs me greatly!

On the occasional night that i do get off i like to sit peacefully in my living room, Extending hours until 8 pm would mean that the only time i get to relax is then destroyed by workeds yelling and banging about!

Please do not approve this!

Tim
