re: section 4.56 submission (stormwater drainage)

To whom it may concern,

We have reviewed the following Architectural Section 4.56 prepared by DKO Architects:  
DA 200 (I), DA 201 (G), DA 202 (G), DA 203 (G), DA 204 (G), DA 300 (H), DA 301 (G), DA 400 (G), DA 401 (G), DA 402 (G), DA 403 (G), DA 404 (G), DA 505 (G) + DA 511 (G)

We confirm that the proposed minor amendments do not affect the Stormwater Drainage Drawings previously prepared by itm design.  
H – DA – 00 (C), H – DA – 01 (C) + H – DA – 02 (D)

We suggest to carry out the required adjustments as part of the Construction Certificate.

Thank you and regards
