RE: DA2021/1620 - 31 Moore Road FRESHWATER NSW 2096

Through the last couple of weekends with covid restrictions easing there has been a significant increase in noise and rubbish in the freshwater beach and park adjacent to it. I am concerned with the new rooftop and the extended area there will be louder noise after 10pm 7 days a week, making the area unlivable and that with a higher number of drunk people around the Freshwater community will no longer be family friendly and prone to have more rubbish around. With the ease of restrictions and people drinking we have seen an increase in broken beer glass around the beach and the rocks. We don't need an even higher proportion of people missbehaving around
