

## Natural Environment Referral Response - Biodiversity

Application Number:	DA2021/0432
Date:	28/04/2021
Responsible Officer	Gareth David
Land to be developed (Address):	Lot 200 DP 13457 , 173 Wallumatta Road NEWPORT NSW 2106

### Reasons for referral

This application seeks consent development on land, or within 40m of land, containing:

- All Development Applications on
- Actual or potential threatened species, populations, ecological communities, or their habitats;
- Wildlife corridors;
- Vegetation query stipulating that a Flora and Fauna Assessment is required;
- Vegetation query - X type located in both A & C Wards;

And as such, Council's Natural Environment Unit officers are required to consider the likely potential environmental impacts.

### Officer comments

Council's Biodiversity referrals team have assessed the Development Application for compliance against the following applicable biodiversity related provisions:

- Pittwater LEP cl. 7.6 Biodiversity Protection
- Pittwater 21 DCP cl. B4.7 Pittwater Spotted Gum Forest - Endangered Ecological Community

The Development Application seeks consent for the construction of an inground concrete swimming pool in the rear yard. The Arboricultural Impact Assessment (Naturally Trees 2021) submitted with the application stated that one (1) exempt Ponytail Palm will require removal as it is situated within the footprint of the pool. Pittwater Spotted Gum Forest Endangered Ecological Community mapped within the front yard will be retained and protected.

Subject to these consent conditions, Council's Biodiversity referrals team are satisfied that the proposed development complies with the provisions listed above.

The proposal is therefore supported.

Note: Should you have any concerns with the referral comments above, please discuss these with the Responsible Officer.

### Recommended Natural Environment Conditions:

**CONDITIONS TO BE SATISFIED PRIOR TO THE ISSUE OF THE CONSTRUCTION**

## **CERTIFICATE**

### **No Clearing of Vegetation**

Unless otherwise exempt, no vegetation is to be cleared prior to issue of a Construction Certificate.

Details demonstrating compliance are to be submitted to the Certifying Authority prior to issue of Construction Certificate.

Reason: To protect native vegetation.

## **CONDITIONS THAT MUST BE ADDRESSED PRIOR TO ANY COMMENCEMENT**

### **Dead or Injured Wildlife**

If construction activity associated with this development results in injury or death of a native mammal, bird, reptile or amphibian, a registered wildlife rescue and rehabilitation organisation must be contacted for advice.

Reason: To protect native wildlife.

## **CONDITIONS WHICH MUST BE COMPLIED WITH PRIOR TO THE ISSUE OF THE OCCUPATION CERTIFICATE**

### **No Weeds Imported On To The Site**

No Priority or environmental weeds (as specified on the NSW WeedWise website) are to be imported on to the site prior to or during construction works.

Details demonstrating compliance are to be submitted to the Principal Certifying Authority prior to issue of any Occupation Certificate.

Reason: To reduce the risk of site works contributing to spread of Priority and environmental weeds.
