Subject: 1102 BARRENJOEY RD Palm Beach

I am objecting very strongly to the amended plans for 1102 BARRENJOEY RD Palm Beach

The height, bulk and scale breaches all regulations in place for this area. The flow on is the lack of landscaping able to be incorporated in the development.

I support the criticism of the amended proposal by the Palm Beach and Whale Beach Assoc - these plans for 1102 BARRENJOEY RD are not in the community interest.

Kind regards
