Dear Council,

We reject any proposal by St Augustines College to enlarge their student cohort. The St Augustine's campus is already (illegally) overpopulated and under-supervised. Increasing student numbers at the Brookvale campus will exacerbate St Augustine's concurrent inability to control their students and will amplify the negative impact these students impose on the low residential community, including:

- unfettered trespassing into private property,
- property damage by students,
- traffic issues,
- lack of teacher supervision,
- student abuse of neighbours, and
- extensive littering into neighbouring properties and on the street by students.

Submitted on behalf of  
the Millners at 10 Alfred Rd,  
the Waltons and Mortons at 16 Alfred Rd,  
the Shoebridges at 6 Gulliver St, and  
the Losthouses at 10 Gulliver St.
