RE: Mod2021/0203 - 1102 Barrenjoey Road PALM BEACH NSW 2108

The proposed building would be too big for the site and surrounding buildings. It seems a floor too high. The design is also not sympathetic to the adjoining, iconic Barrenjoey house nor the relaxed, coastal atmosphere of the area. As it stands, I believe UBD the development would not constitute any improvement but would instead bring the area down.
