RE: Mod2023/0455 348 Whale Beach Road PALM BEACH NSW 2108

I am writing on behalf of the owner of 2 Rock Bath rd and as the current occupant of the dwelling directly behind the proposed development.

It is unclear on the documents the specific nature of the changes and we are concerned about any increase in height of the pavilion on the southern end of the development. The height has already obstructed our beautiful water view to the rocks and we are concerned with any further increase in height. Can this please be clarified. The amendments should ideally be numbered for reference it may even be the "removal of roof top skylight"?
