**RE: DA2020/0393 - 28 Lockwood Avenue BELROSE NSW 2085**

If this development has been refused by you, my concerns expressed before still stand. As always they run to the Land and Environment Court.

This development is preposterous in bulk and size, we as a community do not need a development that comes right to the boundary. 51 apartments is ridiculous it will become a slum area. There are enough gyms per capitorcof population.

Hopefully the judge mediating over this application will rule against its size.
