Phillip Lane or the Planning Officer
Northern Beaches Council

Dear Phillip Lane

I am writing to you as I understand that a neighbour of Pilu Freshwater has complained about noise associated with events held at this excellent restaurant.

I have been a regular patron of this restaurant at both daytime and evening events for about 14 years.

On several occasions there have been weddings whilst I dined and at no stage have I been disturbed by noise from those attending. In fact inside the building we couldn't hear the wedding being held outside.

My daughter had her wedding there and the other diners were actually complimentary of our party. Given that the restaurant is seemingly the only building close to the outside space I can't see how this neighbour would be at all troubled about noise from the venue.

Pilu has been at this location for probably close to 20 years. It is a hatted restaurant of which we locals should be proud evidenced by people coming from outside the area to enjoy the restaurant and the location. It is also clear that the restaurant and events attract money to the area which supports the staff and other local businesses as they make the most of having driven to Freshwater. Without the opportunity to hold weddings it would be difficult for such a business to survive.

Please reconsider the DA and allow this beautiful restaurant the continued opportunity to thrive.

Yours sincerely
Glenda McIntosh
