Subject: DA2019/1119

Good afternoon,

We've just been made aware of the DA raised for the Harbord Bowling Club / Cambridge Market.

While we are in favour of a farmer's market & the boost it provides small businesses & communities we would just like to raise a few concerns that we hope council address for this application.

1. Weekend sports activities on the surrounding fields already make this residential area busy & quite noisy.
2. Traffic conditions & parking. We live on Abbott Road and Saturday traffic is already hectic, especially in netball season. The addition of a Sunday market may extend this chaos & further impact residents.

Should the application go ahead we ask that council kindly provide measures to address these issues & help minimise the impact to residents.

Many thanks and regards

Juliet & Chris Wolak
