RE: DA2020/1743 - 45 Lantana Avenue WHEELER HEIGHTS NSW 2097

Re DA2020/1743 45 lantana ave.

After 18 months of construction in the war vets where our life was affected with noise including jack hammering all day for day after day and our street parking and traffic with trucks etc also to be put up with....what here we go again.

My wife and I have only recently retired and our way of life has been compromised by these type of developments. Developments which create an imbalance in this area.

Being civic minded my wife would clean up the street after the tradies would leave at the end of the day during the war vets development.

Here we go again, do we.

Excavation, noise, noise , noise.

What does anyone care for the local residents.

It's progress. Not for everyone.
