RE: DA2020/0393 - 28 Lockwood Avenue BELROSE NSW 2085

I have real concerns about the increase in traffic around the Glen St, Lockwood and Blackbutts intersection, it will also increase pedestrian traffic around the uncontrolled intersections. I'm also not happy with the building height which is trying to relate itself to the the building type of Glenrose shopping centre and considering the issues with that property I feel the council should consider the surrounding propertys who I'm sure don't won't to be dwarfed by a monstrosity of the development being proposed.
