**RE: Mod2021/0205 - 5 Killala Avenue KILLARNEY HEIGHTS NSW 2087**

The south elevation has a large kitchen window which, due to the slope of the block, and close proximity to the rear fenceline, is overlooking our backyard and deck living area. The previous natural privacy screen, a mandarin tree in 5 Killala Ave was removed at the start of the project, exposing our living area. With a complete lack of privacy now, we need some sort of tall privacy screen so the kitchen window does not look straight in our outdoor living area.
