

## Natural Environment Referral Response - Coastal

<b>Application Number:</b>	Mod2019/0440
<b>Responsible Officer</b>	Renee Ezzy
<b>Land to be developed (Address):</b>	Lot 315 DP 822344 , 1 Queens Parade NEWPORT NSW 2106

### Reasons for referral

This application seeks consent for land located within the Coastal Zone.

And as such, Council's Natural Environment Unit officers are required to consider the likely impacts on drainage regimes.

### Officer comments

The application has been assessed in consideration of the Coastal Management Act 2016, State Environmental Planning Policy (Coastal Management) 2018 and has also been assessed against requirements of the Pittwater LEP 2014 and Pittwater 21 DCP.

### Coastal Management Act 2016

The subject site has been identified as being within the coastal zone and therefore *Coastal Management Act 2016* is applicable to the proposed development.

The proposed development is in line with the objects, as set out under Clause 3 of the *Coastal Management Act 2016*.

### State Environmental Planning Policy (Coastal Management) 2018

As the subject site has been identified as being within the coastal zone and therefore SEPP (Coastal Management) 2018 is also applicable to the proposed development.

The subject land has been included on the 'Coastal Environment Area' and 'Coastal Use Area' maps but not been included on the Coastal Vulnerability Area Map under the State Environmental Planning Policy (Coastal Management) 2018 (CM SEPP). Hence, Clauses 13, 14 and 15 of the CM SEPP apply for this modification proposal of the approved DA 89/388.

### Comment:

As assessed in the submitted Statement of Environmental Effects (SEE) report prepared by Doyle Consultants and Council accepts/does not accept the assessment, the DA satisfies requirements under clauses 13, 14 and 15 of the CM SEPP.

As such, it is considered that the application does comply with the requirements of the State Environmental Planning Policy (Coastal Management) 2018.

## **Pittwater LEP 2014 and Pittwater 21 DCP**

The subject site has also been identified as affected by estuarine wave action and tidal inundation on Council's Estuarine Hazard Mapping. As such, the Estuarine Risk Management Policy for Development in Pittwater (Appendix 7, Pittwater 21 DCP) and the relevant B3.7 Estuarine Hazard Controls will apply to any proposed modifications .

However these controls does not apply for proposed modification developments.

The proposed modification is therefore satisfies the relevant requirements of P21 DCP.

### **Referral Body Recommendation**

Recommended for approval

### **Refusal comments**

### **Recommended Natural Environment Conditions:**

Nil.
