RE: DA2020/0811 - 29 Truman Avenue CROMER NSW 2099

Hi Thomas, Re: DA2020/0811 We are concerned about noise levels, e.g. machinery exhaust fans, cooking odours, extra lighting, operation hours (example - no night work or early hours). would they abide to normal working hours from 7 am to 5 pm? Delivery times/ delivery trucks and garbage bins noise. we live in a very close proximity to the shop. all these factors will council take into consideration. From previous circumstances from other businesses that we have had to endure in the past. Please consider all these conditions that we the residents will have to put up with. Hoping the outcome will be fair to us the residents. many thanks
