Location & Notes

Standard hours for construction:

Construction may only be carried out between 7.00 am and 6.00 pm on Monday to Friday, or between 8.00 am and 1.00 pm on Saturdays, and no construction is to be carried out at any time on a Sunday or a public holiday.

Compliance with plans:

Demolition

Any demolition must be carried out in accordance with AS 2601—2001, The demolition of structures.

Mechanical ventilation systems

If the work includes a mechanical ventilation system that is a regulated system within the meaning of the Public Health Act 2010, the system must be notified as required by the Public Health Regulation 2012, before an occupation certificate (whether interim or final) for the work is issued.

Food businesses

If the work relates to a food business within the meaning of the Food Act 2003, the food business must be notified as required by that Act, or licensed as required by the Food Regulation 2010, before an occupation certificate (whether interim or final) for the work is issued.

Premises to be fitted out to comply with Standard 3.2.3 of the Australian and New Zealand Food Standards Code, the Food Act 2003 and Australian Standard AS 4674 'Design, construction and fit out of food premises',

Noise

- (1) The development must comply with the requirements for industrial premises contained in the Noise Policy.
- (2) Noise emitted by the development—
 - (a) must not exceed an L A (15 min) of 5dB(A) above background noise when measured at any lot boundary of the property where the development is being carried out, and
 - (b) must not cause the relevant amenity criteria in Table 2.1 in the Noise Policy to be exceeded.
- (3) In this clause, the Noise Policy means the document entitled NSW Industrial Noise Policy (ISBN 0 7313 2715 2) published in January 2000 by the Environment Protection Authority.

Lighting

- (1) All new external lighting must—
 - (a) comply with AS 4282–1997 Control of the obtrusive effects of outdoor lighting, and
 - (b) be mounted, screened and directed in a way that it does not create a nuisance or light spill on to buildings on adjoining lots or public places.
- (2) Lighting at vehicle access points to the development must be provided in accordance with AS/NZS 1158 Set:2010 Lighting for roads and public spaces Set.

Use of driveways and parking areas

- (1) All driveways and parking areas must be unobstructed at all times.
- (2) Except as otherwise permitted by an existing condition of the most recent development consent (other than a complying development certificate) that applies to the premises, driveways and car spaces—
 - (a) must not be used for the manufacture, storage or display of goods, materials or any other equipment, and
 - (b) must be used solely for vehicular access and for the parking of vehicles associated with the use of the premises.
