RE: DA2021/1805 - 4 Alexander Street COLLARROY NSW 2097

Dear Assessing Officer,

I want to add my feedback in support of the proposed re-development of 4 Alexander Street, Collaroy. (DA2021/1805)

Having grown up in Collaroy and now owning my own home on the Plateau, I have been lucky enough to watch the community flourish and grow. This development brings a much needed modern and vibrant facelift to Alexander street which is sorely needed.

Aside from the aesthetic & functional improvement it provides an attractive senior housing option which is few and far between in Collaroy. With many families (my parents included) looking to downsize from their family homes as their children mature, this offers a fantastic opportunity to capitalise on all that Collaroy has to offer.

I fully support this development and the benefits it will bring our suburb.

Warm Regards
Aaron Johnstone
