Gross Floor Area
gross floor area means the sum of the areas of each floor of a building, where the area of each floor is taken to be the area within the inner face of the external enclosing walls, as measured at a height of 1.4m above each floor level—
(a) excluding columns, fin walls, sun control devices and elements, projections or works outside the general lines of the inner face of the external wall, and
(b) excluding cooling towers, machinery and plant rooms, ancillary storage space and vertical air conditioning ducts, and
(c) excluding—
(i) car parking needed to meet the requirements of this Part or the council of the local government area in which the development is located, and
(ii) internal access to the car parking, and
(d) excluding space for the loading and unloading of goods, including access to the space, and
(e) for in-fill self-care housing—including car parking provided at ground level, other than for visitors, in excess of 1 per dwelling, and
(f) for a residential care facility—excluding floor space used for service activities provided by the facility below ground level.

Landscaped Area
means that part of the site area that is not occupied by any building and includes so much of that part as is used or to be used for rainwater tanks, swimming pools or open-air recreation facilities, but does not include so much of that part as is used or to be used for driveways or parking areas.
