**RE: DA2020/1235 - 888 Pittwater Road DEE WHY NSW 2099**

I object to this car wash being located in this position. I live in building C and utilise this lift access point from parking level 2. I am concerned the room this facility would take up, the loss of parking spots available and the increased traffic which would affect all residents and children in this building. It should be relocated away from residential lifts.
