Good afternoon Rebecca

I hope you are well and thank you for taking the time to visit our house at 229 Whale Beach Road.

I attach a letter objecting to the latest plans for 231 Whale Beach Road. I uploaded a copy of the letter on the council website, but thought I would email it to you as well, just in case.

Warm regards

Catherine Naito

Dear Sir/Madam

Re: REV2021/0034

I am writing on behalf of myself and my husband, the owners and occupiers of 229 Whale Beach Road, which adjoins the entire southern boundary of the site at 231 Whale Beach Road - the subject of Application Number: REV2021/0034.

In a letter dated 4 June 2020 I set out our main objections to the original proposal (Application Number DA2020/0442). Amended plans were submitted in August 2021, which did not in any way address any of our concerns so in letter dated 30 September 2021 I reiterated our objections to the development application. Further amended plans were submitted with a cover letter dated 7 October 2021 and this letter is a written submission objecting to these latest plans for Application Number: REV2021/0034.

The latest plans do not address any of our concerns, and it is clear from the cover letter that the plans were only amended as council would not allow the planned driveway to encroach onto the nature strip to the eastern side of the property. None of our concerns have been addressed and objections remain exactly as set out in my previous letters.

Yours sincerely

Catherine Naito
