RE: DA2021/0004 - 1121 Pittwater Road COLLAROY NSW 2097

I strongly support the proposed development as it will enhance the commercial area of Collaroy and bring with it more diversity and vitality to a shopping precinct that has been looking tired for many years. The plans look very detailed and professional and are very sympathetic to the heritage building and nearby buildings.

I live in Narrabeen and often go to Collaroy to the cafes and it will be great to have a state of the art veterinary hospital so accessible to all residents.
