RE: DA2019/1190 - 9999 Pittwater Road BROOKVALE NSW 2100

I would like to support this submission for improvements to Brookvale Oval. The Sea Eagles are the only nation sporting team in elite national competition and have been proudly representing the Northern Beaches since 1947. Without improved modern facilities their future is at risk - the club and their thousands of supporters both local and nationally also deserve modern comfortable to enjoy matches.

Additionally modern facilities at Brookie will attract more sporting events which will benefit the community and local businesses. Female participation in many sports will be improved as the new Centre will provide female change. More community rooms will be available for local organizations to access - the area lacks these and many organizations that focus on child, disability support services etc will be able to provide more services to the community.

Finally this will provide more usage of this area attracting more people to the Brookvale precinct meaning more jobs and more businesses in the area. I strongly encourage approval of this application.
