RE: DA2021/1541 - 20 Albert Street FRESHWATER NSW 2096

We'd like to show our support for the going ahead of the Alma Mexican restaurant in Freshwater. Currently running a local business in the village for the last 7 years I feel this would be a huge asset to the revival of our local village. These guys run a great establishment after having dined in the Avalon restaurant and feel like its caters for a demographic not catered for at present. It will bring new people to the area and help support the grwoing number of businesses that have had a tough 4-5 years already.

They also would do justice to such a prominent spot in the village centre enhancing the aesthetics and feel of the place for the better.

Big Fan of what these guys do and am looking forward to a bumper summer having these guys around.
