RE: REV2021/0034 - 231 Whale Beach Road WHALE BEACH NSW 2107

Having spent my entire life on the Northern Beaches I look forward to this crumbling old building finally being replaced with something deserving of this magnificent site. The new location of the cafe is also a vast improvement, allowing the local community and visitors alike enjoy this special location. I look forward to this development being completed and not looking at the existing eyesore any longer.
