Officer comments

Council's Biodiversity Referrals team have assessed the Development Application for compliance against the following applicable biodiversity related provisions:

- Pittwater LEP cl. 7.6 Biodiversity Protection
- Coastal Management SEPP 2018 cl. 13 Development on land within the coastal environment area

The Development Application seeks consent for the construction of a new swimming pool within the rear yard. The location of the pool is within an existing cleared, turfed area and as such does not require the removal of any native, prescribed vegetation, nor will it impact on nearby biodiversity. Subject to conditions, Council's Biodiversity referrals team are satisfied the proposed development complies with the relevant biodiversity related provisions.

The proposal is therefore supported.

Note: Should you have any concerns with the referral comments above, please discuss these with the Responsible Officer.
