Subject: Submission re: DA2025/0132 -OBJECTION

Hello,

I'd like to voice my strong opposition to the planned development by McDonalds on Roseberry St.

There are 3 reasons for my opposition:

1. Traffic disruption -as a Freshwater resident Kenneth Road is a frequently used on my city commute. If the Brookvale experience is anything to go by the traffic turning into McDonalds drive in and car park will be very disruptive. The peak hour commute is already slow and painful, we don't need to make it worse.
2. Promotion of fast food - Australia's obesity rate is already one of the highest in the world. Fast food is processed and unhealthy and promotes convenience and mass produced food over home cooking. We need less fast food in our community, not more.
3. Support of a US conglomerate - McDonalds is a huge global company with profits flowing back to the US. We need to be promoting and supporting local businesses that will spend their earnings in the community. We should not be supporting more faceless global corporations.

Thank you for considering my objection.

Regards, Nikki Brown
