RE: DA2019/0081 - 12 Boyle Street BALGOWLAH NSW 2093

I am very worried about how much impact this development could have. A lot of flora and fauna needs to be cleared away which could wreak havoc on our local ecosystem, as well as the development location being a nest for many different birds. I am also worried that a three story high building could ruin the current skyline as three stories is just too tall. The developer has ignored all boundaries and rights of the adjoining neighbours, as well as omitting established trees and stone walls from the plan so they can be demolished, this is simply unacceptable.
