Subject: TRIMMED: DA2025/1032

I am writing about the DA to establish a Macdonalds outlet on the corner of Kenneth Road and Rosebery street in Manly Vale. This is one idea that will definitely make life more uncomfortable and more stressful for all the nearby residents. My daughter has lived in Kenneth Road for the last five years. The traffic and parking in that area is already so bad, so impossible that I think twice about going to visit. I presume Council does consider life quality for rate payers when these DA's hit the deck in your HQ's. To allow a Macdonalds in that particular space will turn an already chaotic scene into a catastrophe for all the ratepayers in that area trying to live a quality life in Manly Vale. The traffic, the noise, the lights going for 24 hours will not be fun for anyone. Please do the right thing here and say no.
