RE: DA2024/1216 - Gourlay Avenue BALGOWLAH NSW 2093

There are very few natural harbour areas that are protected from the damage from boats and their anchors, especially in the Davis Marina area. These waterways are home to sea life that is vital for our ecosystem. This area is also used by kayakers, stand up paddle boards and swimmers, it is dangerous to have large boats in this area. The area acts as a nature reserve in many ways and using the space as a marina for more boats will take away from the reason the local people live here.
