Dear sirs

We are the owners of 16 Andove Street Belrose and are in receipt of your letter dated 15 June 2022 regarding the proposed development of the Belrose Bowling Club.

We whole heartedly support the development. We have never had any problems with noise of children playing on the green as there are many trees and surrounding the development that limit noise. Those trees also screen any activities on the green from neighbours.

We are home often as we work from home and do not hear a thing from the bowling club other than the garbage truck on garbage day.

We note that development has paid attention to the aesthetics of the area and blends into the surrounds.

We hope that the development is approved and people can continue to recreate at that outdoor area as it provides a fantastic community space and service with very responsible management.

We have no objections to the development.

Kind regards  
Sunil and Silke  
Owners 16 Andove Street Belrose.
