**Subject:** Re application Mod2020/0213

Hi,

I'm writing in regard to Application Mod2020/0213 for the modification of Development consent DA2019/0545 for 49 Wakehurst Parkway Seaforth Lot 57 DP 11162

I would like to say that have I no objections to the deck structure at the rear of No 49 as per the current plans. However I would like to request that the additions required for compliancy and privacy be just added to the current structure, rather than having them pull this down and reconstruct. I believe the proposal as it stands will create unnecessary noise and inconvenience to the neighbours including us.

We live on 51 Wakehurst Parkway Seaforth.

Yours sincerely,

Melissa Jones
