Re application DA2021/1854

Good morning Kye,

I am writing to you to voice my concern over the above application.
I live on the downside of the pool that is intended for this property.
I am very concerned if the pool leaks it will effect my property.
I would like measures taken to ensure no leakage occurs from this pool.

If you could please call me on [REDACTED] to discuss the intended alterations and additions I would greatly appreciate it.

Kind regards
Jean Horsley
