**RE: DA2019/1475 - 22 Victoria Parade MANLY NSW 2095**

I cannot see my submission against this submission which I sent two? days ago.  
The main points were Lack of privacy. This was raised before their previous extension and the council ruled that all windows facing 17 and 19 Ashburner St were to be frosted to preserve our privacy.  
The shadow diagram indicates that my garden plants and lawn will lose the sun. Passion fruit and chokes vines will become even more difficult to grow  
The plan includes entertainment roof area so the tranquillity of my garden will be lost.  
The garden will loose its residential atmosphere.  
Roger Springer
