RE: DA2024/1216 - Gourlay Avenue BALGOWLAH NSW 2093

Please be advised I do not approve of the above development. The proposal for a super yacht highway is totally inappropriate for this small stretch of water. This area is used by locals including children for canoeing, kayaking swimming and fishing. It will be very dangerous to include large vessels. It will limit access to moorings for local ratepayers and disturb existing wildlife.
